Subject: RE: I oppose Duke's latest rate hike for dirty energy

Dear Mr. Charles,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2013-59-E and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Assistant

Subject: I oppose Duke's latest rate hike for dirty energy

Apr 23, 2013

South Carolina Public Service Commission

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

We know that EPA doesn't have that many NEW regulations, and that inflation has been low. This rate hike is nothing but money grubbing.

Allan Charles

Sincerely,

Allan Charles

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

INVEST IN WIND AND SOLAR ENERGY, NOT FOSSIL FUELS, which cause far more harm to the environment and human health. While Germany, Denmark, and other countries are leaving the US behind in its old, dirty, and harmful fossil fuel addiction, big oil and gas continue to hold us back from the future.

Sincerely,

Dennis Welch
